INDEPENDENT UNIVERSITY, BANGLADESH

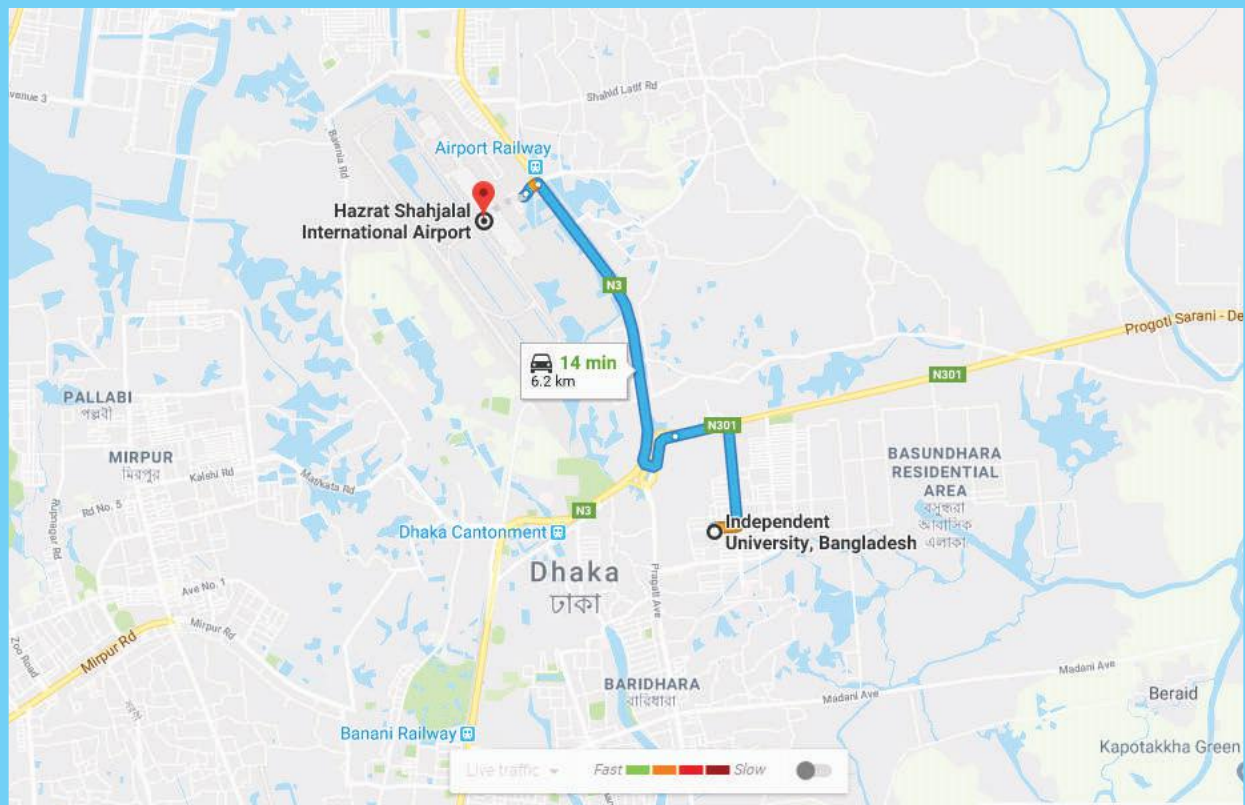

Independent University, Bangladesh (IUB), established in 1993, is one of the oldest and most reputed private universities in Bangladesh. We offer bachelor's and master's degrees through 6 schools.

We are a student-centered university with a current enrollment of over 7,500 undergraduate and graduate students. International students from 20 countries in Africa, Asia, Middle East, North America, and Oceania have graduated or are currently studying at IUB.

Where is Our Campus Located?

We are located in Bashundhara residential area in the capital city Dhaka. It is only a 15-minute drive from the Hazrat Shahjalal International Airport.

**University Grants
Commission (UGC)
Approved**

Top 5 Reasons to Study at IUB

- 1 World-class Programs and North American Style of Education:** We have world-class undergraduate and graduate programs accredited by professional national and international accreditation bodies, such as UGC, ACBSP, and IEB. Our programs meet the demands of present and future job market.

IUB follows the North American model of liberal arts education that empowers graduates and prepares them to deal with complexity, diversity, and change. This model of education encourages creative and out-of-box thinking.

- 2 Preparation for Successful Career:** IUB prepares graduates for a successful career and this is central to the design of courses and the support we provide. The programs and the courses are designed in such a way that prepare the students for a successful career. Our students are working or worked in World Bank, Google, IBM etc. or pursuing higher studies at Cambridge University, Harvard University, New York University, Macquarie University etc. One of our alumni got appointed as the Pro-Vice Chancellor of Southampton Solent University, UK. Recently, 13 IUB graduates were hired by two Japanese education technology companies, Venturas Ltd and Human Resocia Co. Ltd.

- 3 Global Partnerships:** We collaborate with some of the top universities, such as Stanford University, University of California-Berkeley, Harvard University, University of California-San Diego, McMaster University, Macquarie University etc.

Under the Erasmus+ program, our students and faculty members spend time at universities in the European Union.

Recently we have signed MOUs with Macquarie University, Australia, University of Maribor, Slovenia, University of New Castle, Australia, and in the process of signing MoU with Central Queensland University, Australia for multiple levels collaborations.

- 4 Excellent Faculty and Focus on Research:** IUB has faculty members with degrees from reputed universities, such as Harvard University, Columbia University, Boston University, Texas A&M etc. Our faculty members have published research in top-ranked journals which are highly cited and they have a track record of securing prestigious research funds.

We have explicit focus on research in the design of our programs. The students are trained to do research and there are plenty of research opportunities. This enables students to publish their research work in nationally and internationally reputed journals.

Recently, we came first in the number of Scopus citations per faculty member among private universities in Bangladesh

- 5 Excellent Campus, Student Support and Services:** IUB has state-of-the-art infrastructure, including modern laboratories, library, gymnasium, food court, auditorium etc. which are comparable to the international universities in the developed countries.

IUB is offering career advice, psycho-social counseling, health services, academic advising etc. Furthermore, our International Programs and Relations Office will help you settle in and enjoy your stay. We organize various sports competitions and cultural programs at IUB campus. We also participate in various national level inter-university sports, robotics, debates and similar competitions.

The undergraduate students have a distinctive opportunity to go for a 'Live in Field Experience' (LFE), where they can learn about rural life which helps them to relate their academic discipline and life within a wider community

Academics

We offer bachelor's and master's degree programs through six schools:

- | | |
|----|--|
| 01 | School of Business |
| 02 | School of Engineering and Computer Science |
| 03 | School of Environmental Science and Management |
| 04 | School of Liberal Arts and Social Sciences |
| 05 | School of Life Sciences |
| 06 | School of Public Health |

School of Business

The School of Business is the largest School at IUB. The School offers both undergraduate (Bachelor of Business Administration - BBA, Bachelor of Science - BSc) and graduate (Master of Business Administration - MBA, Executive Master of Business Administration - EMBA, Master of Science - MSc) degree programs:

Undergraduate Programs

- Bachelor of Business Administration (BBA) (125-credit hour program)
The students may choose one of the following majors:
 - Accounting
 - Finance
 - General Management
 - Human Resources and Management
 - Marketing
 - Management Information System
 - International Business

- Bachelor of Science in Economics (BSc.) (122-credit hour program)

¹ Accreditation Council for Business Schools and Programs (ACBSP), USA

Graduate Programs

- Master of Business Administration (MBA) (60-credit hour program)
The students may choose one of the following majors:
 - Finance
 - Human Resources and Management
 - Marketing
 - Banking

- Executive Master of Business Administration (EMBA) (48-credit hour program)
The students may choose one of the following majors:
 - Entrepreneurship Development and Management
 - Human Resources and Management
 - Marketing
 - Finance

- Master of Science in Economics (MSc.) (30-credit hour program)

"At first living in Dhaka was strange for me and I felt isolated. Fortunately, participating in IUB student clubs, study groups, and sport groups, gave me opportunities to make local friends. The students at IUB are friendly, the campus is resourceful, and various opportunities are helpful for learning. Now I find studying at IUB pleasant."

Ms. Louli Fu, China
School of Business, BBA (2018-2021)

School of Engineering and Computer Science

The School of Engineering and Computer Science offers both undergraduate (Bachelor of Sciences - BSc.) and graduate (Master of Sciences- MSc.) degree programs:

Undergraduate Programs

- Bachelor of Science in Computer Engineering (BSc.) (134-credit hour program)
- Bachelor of Science in Computer Science (BSc.) (134-credit hour program)
- Bachelor of Science in Computer Science and Engineering (BSc.) (143-credit hour program)
- Bachelor of Science in Electrical and Electronic Engineering (BSc.) (147-credit hour program)
- Bachelor of Science in Electronic and Telecommunication Engineering (BSc.) (145-credit hour program)
- Bachelor of Science in Mathematics (BSc.) (132-credit hour program)
- Bachelor of Science in Physics (BSc.) (133-credit hour program)

² Institution of Engineers, Bangladesh (IEB)

Graduate Programs

- Master of Science in Computer Science (MSc.) (33-credit hour program)
- Master of Science in Telecommunication Engineering (MSc.) (33-credit hour program)
- Master of Science in Computer Networks and Communications (MSc.) (33-credit hour program)
- Master of Science in Software Engineering (MSc.) (33-credit hour program)
- Master of Science in Electrical and Electronic Engineering (MSc.) (36-credit hour program)

"My experience at IUB so far is great. Teachers and staff are very friendly and helpful. This helps me to be confident and helps to solve academic problems. The library is very rich with print and electronic materials. It's an honor to be a student of this amazing university."

Ms. Khadija Rajjoui, Morocco

School of Engineering and Computer Science, BSc. (2018-2021)

School of Environmental Science and Management

The School of Environmental Science and Management offers both undergraduate (Bachelor of Sciences - BSc, Bachelor of Pharmaceuticals - BPharm) and graduate (Master of Sciences- MSc) degree programs:

Graduate Programs

- Master of Science in Environmental Management (MSc.) (33-credit hour program)
- Master of Science in Natural Resources and Disaster Management (MSc.) (33-credit hour program)
- Master of Science in Climate Change and Development (MSc.) (36-credit hour program)

Graduate Programs

- Master of Science in Environmental Management (MSc.) (33-credit hour program)
- Master of Science in Natural Resources and Disaster Management (MSc.) (33-credit hour program)
- Master of Science in Climate Change and Development (MSc.) (36-credit hour program)

"I am a back-to-school mom acknowledging the fact that education is a lifelong process. IUB has welcomed me with the opportunity to fulfill my passion for the Environmental Science. The respected faculty members have guided me every step of the way and have motivated me to pursue various undertakings that better compliment my learning. I am glad to be part of the wonderful family at IUB."

Ms. Sobiya Aziz Badat, Pakistan
School of Environmental Science and Management, BSc. (2017-2020)

School of Liberal Arts and Social Sciences

The School of Liberal Arts and Social Sciences offers both undergraduate (Bachelor of Social Sciences - BSS, Bachelor of Arts - BA, Bachelor of Law - LLB) and graduate degree programs (Master of Social Sciences - MSS, Master of Arts -MA):

Undergraduate Programs

- Bachelor of Social Science in Media and Communication (BSS) (127-credit hour program)
The students may choose one of the four following streams:
 - Film and Television
 - Journalism
 - Advertising
 - Development Communication
- Bachelor of Social Science in Anthropology (BSS) (127-credit hour program)
- Bachelor of Social Science in Sociology (BSS) (126-credit hour program)
- Bachelor of Social Science in Global Studies and Governance (BSS) (128 credit hour program)

The students may choose one of the following five tracks:

- International Relations and Comparative Politics
 - International Relations and Strategic Studies
 - Public Policy and Governance
 - Global Media and International Communications
 - Socio-political Economy of Development
- Bachelor of Law (LLB) (137-credit hour program)
 - Bachelor of Arts in English Literature (BA) (125-credit hour program)
 - Bachelor of Arts in English Language Teaching (BA) (125-credit hour program)

Graduate Programs

- Master of Social Science in Development Studies (MSS) (33-credit hour program)
- Master of Social Science in Media and Communication (MSS) (39-credit hour program)
The students may seek one of the two following streams:
 - Journalism
 - Film and Television
- Master of Arts in English Literature (MA) (36-credit hour program)
The students may take one of the two options:
 - Literature in English
 - Comparative Literature
- Master of Arts in Applied Linguistic and English Language Teaching (MA) (39 to 60-credit hour program)

Students having bachelor in subjects other than English, will need to complete 60 credits.

"My time at IUB has been a complete adventure. Academically I have been very involved in classes and also internal and external seminars and conferences. As a student of Sociology, throughout my journey at IUB thus far, my teachers have been wonderfully supportive and have helped me grow as a scholar. I will forever cherish my wonderful time at this university."

Ms. Jessica Eva Salazar, New Jersey
School of Liberal Arts and Social Sciences, BSS (2015-2018)

School of Life Sciences

The School of Life Sciences offers undergraduate (Bachelor of Science - BSc) degree programs:

- Bachelor of Science in Microbiology (BSc) (134-credit hour program)
- Bachelor of Science in Biochemistry and Biotechnology (BSc) (124-credit hour program)

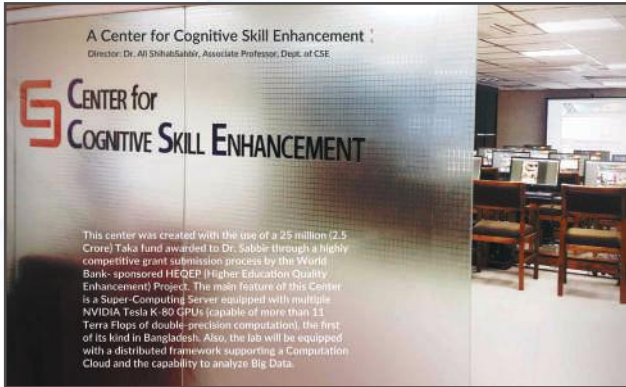

School of Public Health

The School of Public Health offers a graduate (Master of Public Health - MPH) degree program:

- Master in Public Health (MPH) (52-credit hour program)
The student may choose one of the following majors:

- Epidemiology
- Reproductive Health
- Population and Family Planning
- Psychological Health
- Health Communications
- Hospital and Health Management
- Climate Change and Health
- Public Health Dentistry

Research Centers and Institutes

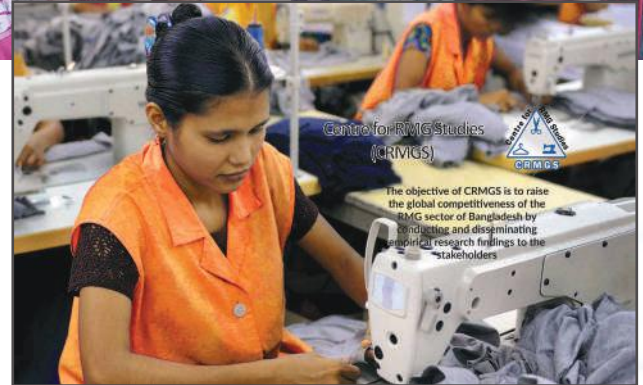

We have 13 research institutes and centers:

- International Center for Climate Change and Development
- Bangla Language Institute
- The Centre for Health, Population and Development
- The Centre for Social Science Research
- Center for Cognitive Skill Enhancement
- Center for Business Policy Research
- The Center for Pedagogy
- Centre for Distance Learning

- Centre for RMG Studies
- The English Language Resource Center
- Kazi Nazrul Islam and Abbasuddin Research and Study Center
- Green Energy Research Center
- International Center for Biotechnology and Health

Campus Facilities

We have a state-of-the-art, 3-acre campus in Bashundhara, Dhaka with many world-class modern facilities:

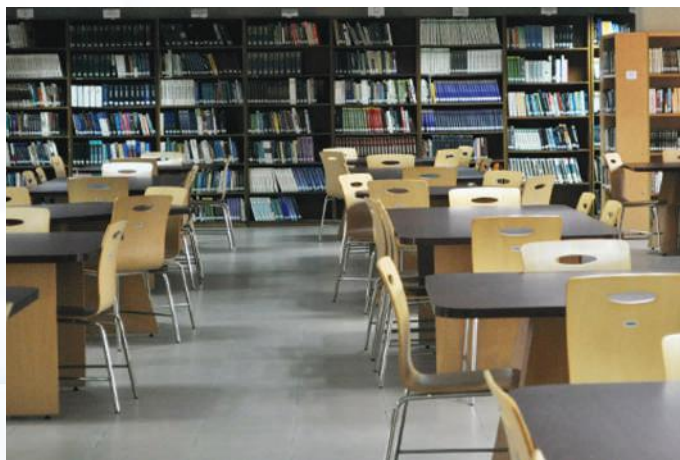

Modern Classrooms and Lecture Galleries:

Our 50 classrooms have modern interactive multimedia facilities. To supplement classroom teaching, many courses are paired with practical laboratory classes. We also have 3 lecture galleries.

Library:

We have a 22,000 square feet, 4-storied, central-library with a rich collection of 25,000 printed books, 35,000 online journals accessible through electronic databases (e.g., ProQuest, Emerald, Jstor, ABSCOhost etc.), a large collection of audio-visual materials, over 20,000 periodicals, and 11 national and international dailies. Over 50 equipped computers are available for using these electronic resources. The library can accommodate over 450 students at a time.

Laboratories:

We have state-of-the-art laboratories equipped with advanced facilities and latest research tools.

The School of Life Sciences has a 4,200-square-foot state-of-the-art laboratory, furnished with a wide range of equipment, glassware and reagents. The laboratory has two large demonstration rooms and five additional rooms (PCR Room, Tissue Culture Room, etc.) for advanced research. The laboratory currently houses some of the most advanced equipments.

The School of Engineering and Computer Science has several laboratories, such as, Micro-processor, Telecommunications, Optical Fiber Communication, Digital Communications, Robotics, Sensor and Instrumentation, Power Electronics, Micro-Processor, Electrical Machine, and Wireless Communication Laboratories.

Gymnasium:

We have a 6,000-square-foot Gymnasium. Professional instructors are available to ensure proper exercise. This reflects IUB's commitment to the development of mental, physical and spiritual prowess of the students.

Food Court:

We have a 5,000 square-foot food court with a capacity of more than 250 people at a time. The shops in the food court offer a variety of food and snacks at a reasonable cost.

Wi-Fi Access:

Internet-enabled secure Wi-Fi service is available for students everywhere on campus.

Auditorium:

We have a world-class auditorium with capacity of 640 people.

The School of Liberal Arts and Social Science has three labs: Audio Visual Production, Broadcast, and Radio Laboratories. Additionally, Moot Court provides with opportunity to practice law simulated in real life situation.

The School of Environment Science and Management has three labs: Environmental Biology, Geographic Information System and Environmental Science Laboratory. Environmental Science Laboratory is a 4,000-square-foot laboratory equipped with state-of-the-art scientific instruments which can support advanced research.

Additionally, IUB has 24-hour campus security to ensure safety with biometric access control system and CCTV surveillance.

Student Activities, Welfare and Support

We offer academic advising, career advising, psycho-social counseling, health services etc.

Academic Advising

The faculty members are very supportive of any academic needs of the students. Due to a low teacher- student ratio, students can easily reach out to faculty members and seek academic suggestions and/or solutions to academic problems.

Medical Center

We have an on-campus medical center. We have readily available basic medicines as well. We are in the process of establishing a community pharmacy.

Career Guidance Counseling

The Office of Career Guidance and Placement (CGP) provide students with career counseling so that they can effectively plan career. CGP also organizes job fairs, workshops, and seminars to facilitate the students' understanding of the employer's expectations, to develop necessary skills (e.g., writing CVs, job interviews etc.) and to get jobs.

Psycho-social Counseling:

There is a psychosocial counseling center at IUB. Trained staff is dedicated to support students who are looking for opportunities to discuss their problems and find solutions.

Student Clubs

There are many active clubs at IUB: Art, Bangla, Book, Debating, The Duke of Edinburgh's Award, Film, International Affairs, Music, Photography, Theatre, BSS, CECS, ENV, Jukti, Economics, and IEEE IUB Student Branch.

The Duke of Edinburgh's Award Club at IUB grooms and guides IUB students to achieve the prestigious Duke of Edinburgh's Award.

IUB has partnership with AIESEC - the world's largest non-profit organization that provides young people with opportunities for leadership development, cross-cultural global internships, and volunteer exchange experiences across the globe. The students travel to other countries under AIESEC's 6-week leadership program.

The Division of Student Activities (DoSA) oversees and coordinates all student activities.

The students also participate in community service programs like blood donation, distribution of warm clothes in the winter, fundraising for flood victims and victims of natural disasters etc.

Furthermore, our designated Senior Officer for International Programs and Relations helps students by providing information and offering advice, guidance, and counselling.

Cost of Study

Tuition and fees for international students are same as those for domestic students, except for the application fee, which is different for international students.

Tuition Fees

- Application Fee: USD 25
- Admission Fees:
 - Undergraduate: BDT 25,000 (app. USD 297)
 - Graduate: BDT 20,000 (app. USD 238)
- Tuition Fees (per Credit):
 - Undergraduate: BDT 6,000 (app. USD 71.5)
 - Graduate: for EMBA BDT 6,500 (app. USD 77.5), MBA BDT 6,000 (app. USD 71.5) and other graduate programs BDT 4,500 (app. USD 53.6)
- Library, Computer, Laboratory & Student Activities Fees:
 - Undergraduate (per semester): BDT 7,000 (app. USD 87.5);
 - Graduate (one time payment): BDT 7,000 (app. USD 84.5)

Cost Estimation:

Completion of an undergraduate degree may require 124 to 170 credits over 4 years costing between BDT 853,000 (app. USD 10,154.8) to BDT 1,129,000 (app. USD 13,440.5) and a graduate program may require 33 to 60 credits over 1 to 2 years costing between BDT 175,500 (app. USD 2,089) to 417,000 (app. USD 4,964) depending on the program.

* Fees and tuition are subject to change periodically. Please check our website for the updated fees and tuition.

"The educational programs at IUB are of a high quality but at an affordable cost. The days spent at IUB were the best days of my life."

Mr. Mujibur Rahman Taqi, Yemen
School of Engineering and Computer Science, MSc. (2017-2018)

Scholarship and Financial Aid

International students are eligible for same scholarships and financial aid as other students. The general financial aid categories are as follows:

- Merit-Based Scholarships (undergraduate only): Applicants with excellent academic record may be considered for merit based scholarships. Top 5 percent scorers in IUB admission test will receive 100 percent tuition waiver;
- Merit-Based Scholarships (undergraduate students): Applicants with a proven financial need may be considered for financial aid;
- Discount for Female students: All female students (undergraduate and graduate) are eligible to apply for 10 percent discount on the tuition fees;

For more details, please check <http://www.iub.edu.bd/admissions/aid>

Undergraduate students may be eligible to work as Students on Duty (SODs). Graduate students may be eligible to work as teaching or research assistants. However, these positions are limited and allocated on a competitive basis.

Accommodation

Affordable and convenient private accommodation is available near the campus. We will provide necessary information. Also, we are in the process of renting a building near the campus, to use as a dormitory for international students.

Living costs depend on the type of accommodation and meals one prefers. The cost of accommodation may vary from BDT 15,000 (approx. USD 190) to BDT 20,000 (approx. USD 250) per month and the cost of meals may be around BDT 10,000 (approx. USD 125) per month in Dhaka. So, total living cost may be around BDT 300,000 (approx. 3,750 USD) to BDT 360,000 (approx. 4,500 USD) per year. You may lower the costs by sharing the room and food preparation with other students.

Admission Requirements

Minimum Undergraduate Admission Criteria

The students meeting the following criteria may apply for admission to bachelor degree programs at IUB:

- Twelve years of education from recognized institutions with a CGPA 3.5 on a 5.0-point scale or equivalent;
- SAT score of 960 (Scores sent directly to IUB from testing authorities);
- IELTS 5.0 or TOEFL 45 (Internet-based test). (Scores sent directly to IUB from testing authorities);

In addition, the applicants may be requested to provide an equivalence certificate from the Ministry of Education, Bangladesh.

Furthermore, students must meet degree-specific requirements set by the Schools and the Departments. For more details please visit www.iub.edu.bd/international

If international applicants appear for the undergraduate admission test at IUB and get an acceptable score, the above mentioned standardized test score requirements will be waived.

Undergraduate applicants coming from English-speaking countries shall be exempt from the English Language Test requirements.

Please note that the University Admission Committee may exempt applicants with extraordinary past academic achievements from any of the test requirements.

Minimum Graduate Admission Criteria

The students meeting the following criteria may apply for admission to masters' degree programs at IUB:

- A Bachelor's degree from a recognized university with a CGPA of 3.0 on a 4.0-point scale or equivalent;
- Two recommendation letters, one from a professor and another one from a professional or employer who are not student's relatives. Students who have not worked yet should send two letters from their professors;
- GRE score of 285 or GMAT score of 500. (Scores sent directly to IUB from testing authorities);
- IELTS 5.0 or TOEFL 45 (Internet-based test). (Scores sent directly to IUB from testing authorities);

In addition, the applicants may be requested to provide an equivalence certificate from the Ministry of Education, Bangladesh.

Furthermore, students must meet degree-specific requirements set by the Schools and the Departments. For more details please visit www.iub.edu.bd/international

Graduate applicants coming from English-speaking countries shall be exempt from the English Language Test requirements.

Please note that the School Admission Committees may exempt applicants with extraordinary past academic achievements from any of the test requirements.

How to Apply

IUB has three academic semesters: Autumn, Spring, and Summer. Admission procedure starts in July, November, and March, respectively.

Undergraduate Admission:

The undergraduate applicants may apply for admission in the following three ways:

- The students take the IUB admission test in which case they are not required to submit any standardized test scores;
- OR
- The students do not take the IUB admission test in which case they need to submit standardized test scores;
- OR
- The students do not take the IUB admission test but they apply for exemption from standardized test scores based on extraordinary past academic achievements.

Graduate Admission:

The graduate applicants submit their admission application and either provide all the standardized test scores or apply for exemption from the standardized test scores based on extraordinary past academic achievements.

Admission Decision:

The complete applications will be reviewed by the respective admission committees and the committees will inform the students about admission decision.

Acceptance of Admission Offer:

If offered admission, the international applicants have to accept it within two weeks. They may apply for deferral on acceptable grounds but for no longer than three trimesters.

Visa Application:

The accepted students have to apply for a student visa, Category-S, with IUB official admission offer letter in their home country. A valid student visa is a non-negotiable requirement for students at IUB.

Registration Requirements at IUB:

Although during online application, softcopies of all relevant supporting documents are accepted, the applicants must submit all the original certificates and transcripts when they register at IUB. Also, they need to submit a copy of the valid student visa. For more details, please visit www.iub.edu.bd/international

International Students

International students in our undergraduate and graduate programs came from 20 countries: Afghanistan, Australia, China, Comoros, Djibouti, Gambia, India, Japan, Morocco, Nepal, Nigeria, Pakistan, Saudi Arabia, Somalia, South Korea, Sri Lanka, United States of America, Yemen, Zambia, and Zimbabwe.

Alumni Network

We have an alumni network of more than 12,000 graduates who are working or worked in Bangladesh or abroad in internationally renowned organizations in several countries, for example, World Bank, Google, and IBM. After you graduate, you will become part of the IUB global alumni family.

LIFE IN BANGLADESH

Bangladesh, in general, offers a variety of opportunities that can satisfy your interests in sports, culture, art etc., with its rich cultural heritage, interesting blend of old and modern architecture, exciting literary and traditional festivals and breathtaking natural beauty.

Bangladesh is home to the world's longest sandy beach at Cox's Bazar, the world's single largest mangrove forest in Sundarbans, Kuakata beach, Coral island - Saint Martins, the green top of the country - Bandarban, Rangamati - a land of colorful indigenous groups and lakes, the scenic beauty of the hilly regions, historic and archaeological sites etc.

THE DHAKA CITY

Dhaka, capital of Bangladesh, has a 400-year rich history, tradition, and heritage. Before it rose to prominence as Mughal capital of Bengal in the 17th century and urban and commercial centre, it was under the Sultanates from the 14th century. It came under British control in 1757. However, Dhaka has now emerged as a mega city

Festivals

Dhaka is known as the city of festivals. You will enjoy various cultural festivals (e.g., Pohela Boishakh, Pohela Falgun etc.), religious festivals (e.g., Eids, Bishwa Ijtema, Durga Puja, Janmashtami, Buddha Purnima, Ashura, Boro Din, Easter Sunday etc.), musical festivals (e.g., World Music Festival, Folk Music Festival etc.), and various other kinds of festivals, like book fairs, international photography festivals etc. throughout the year.

Transport System

Dhaka has excellent transport system in terms of costs and coverage. One can travel to almost anywhere on public transportation. There are thousands of rickshaws almost everywhere in Dhaka. However, traffic jams are common here.

PLACES TO VISIT IN DHAKA

There are many places to visit in Dhaka. A few of the attractions include, Lalbagh Fort (also known as Lalbagh Qilla) - a 17th century Mughal fort complex, Bara Katra - a palatial building built for Mughal prince Shah Shuja's residence, Choto katra - built for officials and Shaista Khan's expanding family, Ahsan Manzil - A residential palace considered to be an architectural treasure and one of the most significant architectural monuments of Bangladesh (turned into a museum recently), National Parliament House complex, National Memorial at Savar, Liberation War Museum, Folk Art and Crafts Museum at Sonargaon, Star Masjid, National Museum, Novo Theater, Drik Gallery etc. Dhaka is well known as the city of mosques.

A large city with close to 20 million inhabitants, there are some negative sides of living in Dhaka, for instance, traffic jams, air pollution, muggers, thieves, pickpockets etc. So, caution has to be exercised when traveling during unusual hours. If you are traveling, try to keep company, especially at night and try to avoid isolated areas. Take care of your passport; if lost or stolen, notify the police immediately and obtain a police report. Always keep your student identity card and a copy of passport with you.

People, in general, are very friendly and hospitable. You will enjoy living in Dhaka.

CUISINE IN DHAKA

Dhaka is famous for its cuisine; eating options are numerous. Beside numerous Bangladeshi food items, Indian, Chinese, Thai etc. food items are also available. With numerous eating options you will never get bored with food items and you can always try something new. There are also plenty of street foods available in Dhaka (e.g., Halim, Chotpoti, Fuchka, Jhalmuri etc.) and these are incredibly cheap.

SHOPPING OPTIONS IN DHAKA

Shopping options are also plentiful in Dhaka. Major shopping options include Jamuna Future Park, Bashundhara City Shopping Complex, Metro Shopping Mall, Dhaka New Market, Police Plaza Concord Shopping Mall, Eastern Plaza Shopping Complex, Banga Bazar etc.
